Deskripsi:

Al-fahim is a refereed journal published by STAI Terpadu Yogyakarta. It is a semi-annual journal published in Maret and September. The main objective of the publication is to create a platform to publish original articles, researches results, and case studies related to the field of Management of Islamic Education. The editorial board welcomes original contributions of the author (Bahasa Indonesia and English) which never been published or under consideration for publication in any other publication. Contributions can be submitted in any of the following forms: articles (should be approximately 4000 words long; however, both shorter and longer manuscripts will beconsidered). Submission of the journal should normally follow the Al-fahim Template.
